WHAT IS VisuAL BA®?

VisuAL BA® is Visually Assisted Learning for Business Analysis. It is a suite of products that can help you visualize the relationships and dependencies that exist between the tasks and documents that are defined in the BABOK® Third Edition. The graphical and color oriented presentation allows you to see the associations between the tasks and the various input and output documents.

HOW TO USE THIS SAMPLE

Color has been used to visually represent the relationship between the tasks and techniques that are defined in the BABOK® Third Edition. This table will permit you to see, at a glance, which techniques are associated with which task and knowledge area. The full product contains information for 6 knowledge areas and 50 techniques. This sample contains information for 2 knowledge areas.

Use the PDF on your computer or tablet to explore through the network of tasks and techniques. Print out the tables and take them with you for a quick reference guide.
